Delivery schedule distribution in Germany and the Netherlands during holiday season

We would like to inform you about changes to our delivery timetable for the distribution in Germany and the roll and pallet distribution in the Netherlands during the 2020 Dutch holiday period.

In order to go smoothly through this period and to avoid any misunderstandings, we advise yourselves to communicate these changes of our delivery schedule to your customer in a timely manner.

Germany distribution during the holiday season

Four our distribution in Germany through the holiday period we shall not be using any adjusted schedules. You have previously been informed of changes within our Germany delivery schedule as of 29.06.2020. This schedule shall be used throughout the holiday period.

Pallet distribution in the Netherlands in weeks 29 to 32

During weeks 29 to 32 pallets will be delivered within 48 hours from Genemuiden.

Roll distribution in the Netherlands in week 28 to 33

The postcode areas that are normally serviced at least four times a week will now be delivered within 48 hours from Genemuiden. Delivery will then be the next delivery day according to the delivery schedule. There will be no changes to the postcode areas that are serviced less than four times a week.
