

Delivery schedule NL during holiday season

Hereby we would like to inform you regarding the adjustments to our delivery schedule for pallet and roll transport during the holiday period 2018 in The Netherlands. In order to go smoothly through this period and to avoid any misunderstandings, we advise yourselves to communicate these changes of our delivery schedule to your customer in a timely manner.

Pallet transport in week 31 t/m 34

During weeks 31 to 34 pallets will be delivered within 48 hours.

Roll transport in week 30 till 35

The postcode areas that are normally serviced at least four times a week will now be delivered within 48 hours from Genemuiden. Delivery will then be the next delivery day according to the delivery schedule. There will be no changes to the postcode areas that are serviced less than four times a week. Please see below the current delivery schedule.
